

AM Bible Courseware Overview

Anytime. Anywhere. Anyone. Moody.

What is AM Bible Courseware?

- A powerful study environment consisting of Moody Bible Institute curriculum and Logos Bible Software digital libraries from Logos Bible Software.
- A structured learning path that guides you through various biblical studies, that, when completed, result in personal proficiency and certification.

Who is AM for?

- Ideal for personal Bible study; pastors who want to provide standardized learning methods and materials in their church; lay leaders, such as Sunday school teachers, deacons, small group Bible study leaders, etc. who want to become proficient in a specific area of biblical study and teaching; and individuals seeking certified learning for ministry and service organizations.
- Adult learners, who desire to study God and His word with the help of hundreds of informative and interactive resources.

Why do I need AM?

- Takes the resources (structured learning platform, theological materials, biblical dictionaries, etc.) available to pastors and scholars and makes them available to laypersons.
- Provides a deeper look at books in the Old and New Testaments, as well as relevant topics pertaining to effective ministry and leadership.
- Offers standardized learning materials with instant feedback (on quizzes and exams) to guide your understanding.
- Helps establish effective Bible study habits and practices.
- Simplifies biblical research, a crucial element to effectively study, communicate, and apply the Bible.

What are the benefits of AM?

- Empowers you and your lay leaders to be effective ministers of the gospel, servants in the church, and communicators of God's truth.
- Offers more than Bible courseware—it offers a perpetual learning environment. AM provides a proven, structured platform for Bible education, not just a glossy “how to” in studying the Bible.
- Provides professional and personal enrichment and development. AM helps guide you to a full understanding or proficiency in a program of study that leads to “completeness.”
- The Libronix digital library system is the single largest theological library in existence, and it keeps getting larger!
- Enables you to be flexible with where and when you study and learn. AM and the Logos Bible Software digital libraries are portable and don't require an internet connection.

What is unique about AM?

- Course material is written by Moody-approved instructors and theologians to ensure integrity in communicating biblical truths and in meeting learning objectives.
- Offers an easy way for you to delve into the Bible and get information and insight on hard-to-understand issues pertaining to the text, original language, history, and culture.
- Provides a wealth of Bibles and Bible reference titles at a fraction of the price for equivalent print editions.
- Each course includes review quizzes and comprehensive exams to ensure you grasp concepts, understand course material, and are able to synthesize the material into practical terms. Instant feedback lets you know what areas you need to go back and study.
- Technology is easy to use. When using AM, you'll experience consistent formats, clear navigation, helpful directions and tutorials, and live tech support when needed.

What courses will be available through AM?
